The name of our company was subsequently changed to Diamant Investment & Finance Ltd. w.e.f. 01.02.2005. Again the name of the Company has changed to Diamant Infrastructure Ltd. w.e.f. 24.03.2011. The promoters of our company are M/s. Saboo Capital & Securities Pvt. Ltd. w.e.f. July, 2005.

After takeover the company started Investment & Trading in Stocks for the year 2005-06, then subsequently slowly the company diverted into road construction business for doing projects for JMC India Ltd. & Sadbhav Eng. Ltd. In 2007, after having experience, the company started a long-term contract with Ashoka Buildcon Ltd, IRB Infrastructure Ltd & IVRCL Ltd. The company at present is engaged in road construction of 38 km. in the state of Orissa.

The company has started SFRC (Steel Fiber Reinforced Concrete) Precast Division in March 2011 and has started the production of SFRC Rain Water drains & SFRC Compound Walls. The Company has successfully completed a contract of Precast drain with cover of Oriental Structural Engineers Pvt Ltd in the State of Maharashtra and Chetak Enterprises Ltd.

There are several factors which may affect our results of operations, financial condition and cash flows. These factors may include:

- Economic conditions, business cycles
- Ability to control cost and attain high productivity
- Pricing Pressure due to competition / competitive bidding.
- Ability to hire, train and retain people
- Our relationship with clients - companies, banks, institutions, individuals, etc.
- Capital expansion and capital expenditure

We have briefly elaborated the above factors below:

#### **Economic conditions, business cycles,**

The business of any company apart from internal factors will also depend on the macro economic conditions. The demand conditions in the market in the areas in which we operate are affected by various factors outside our control, including prevailing local economic, income and demographic conditions, interest rates available to purchasers requiring financing, the availability of comparable properties completed or under development, changes in governmental policies. As a consequence, our results of operations are significantly affected by factors influencing the Indian economy in general. Any slowdown or perceived slowdown in the Indian economy, government spending in specific sectors of the Indian economy, could adversely impact our business and financial performance. For example, our management believes that other infrastructure projects contribute a substantial part of our client list and any events affecting these sectors will have a direct impact on demand for our products. If growth is sustained in these sectors, our management believes that such growth may bring in additional demand for our business module.

#### **Ability to control cost and attain high productivity**

The prices of our services are determined principally by market forces of supply and demand. The market conditions and demand for our services at the time of signing the contract will determine the price of our services. Diesel and man power (Skilled and unskilled) form a major portion of our cost. Our ability to execute the contracts on a timely basis, maintaining the cost competitiveness will determine the profitability of our Company.

#### **Pricing Pressure due to competition/competitive bidding**

The prices of our services, real estate are determined principally by market forces of supply and demand. We feel that over a period of time there might be increase in competition and it might effect the profitability of our Company. Our Company has been concentrating on receiving the orders from the Government Registered Companies. These Companies generally follow the system of tenders, wherein the contracts will be granted to lowest bidder. This may affect the profit margins of our Company in percentage terms.

**Capital Expansion and Capital Expenditures**

Capital Expansion involves huge capital expenditure and determines future earnings of our company. The timing of our expansion program, projects we have taken up, general economic conditions-all these factors will determine future growth of our Company.

Our relationship with clients-companies, banks, financial institutions, individuals etc.

The operations and revenues of our company for any period will depend on orders in hand. Our ability to get new and also repeated orders will determine the growth of our company. As in any business our ability to maintain good relations with market intermediaries like banks and financial institutions will determine our growth.

**Ability to hire, train and retain people**

Human Resources are important asset of any business. Skilled and technical staff is required by us for our project. We take up various projects based on availability of right mix of man power. Thus our growth is likely to be affected by our ability to attract and retain skill and technical manpower. Our Ability to hire, train and retain people will determine the ability of our company to achieve desired objectives.

These factors and a number of future developments may have impact on our results of operations, financial condition and cash flow in future periods.

**Industry Structure and Development:**

The Indian economy has been growing at a blistering pace in the last few years. The Real Estate Industry is ranked as one of the fastest growing sectors. This sector has been growing at an exponential rate -a growth made possible due to favorable demographics, vibrant services sectors, rising purchasing power, changes in shopping habits, growing number of retail malls, availability of finance and reforms initiated by the Government viz., relaxation of FDI norms and tax concessional facilities. This has stimulated the demand for houses, modern offices, warehouses, hotels and shopping centers.

**Financial and Operating Performance:**

The total income of the Company for the year 2011-12 was Rs. 7706.92 lakhs compared to Rs. 7733.96 lakhs during the previous year. The operating profit (PBDIT) for the Company also increased from Rs. 719.29 lakhs during the year as against Rs. 685.09 lakhs for the previous year. The Company expects to earn increased revenues in the near future.

**Risk, Internal Control System and Adequacy:**

The Company has adequate internal control procedure commensurate with its size and nature of the business. The internal control system is supplemented by extensive internal audits, regular reviews by management and well-documented policies and guidelines to ensure reliability of financial and all other records to prepare financial statements. The Company continuously upgrades these systems in line with best accounting practices.

**Details of non-compliance by the Company**

23.11 The Company in the Extra Ordinary General Meeting (EOGM) of the company held on 24th December, 2010, had approved the issue and allotment of 37,00,000/- Warrants at ₹ 40/- per warrant convertible into Equity shares of ₹ 2/- each at a premium of ₹ 38/- per share in accordance with the provisions of the Companies Act, 1956 and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2009 to promoters and non-promoters Accordingly, 25% of the total consideration of ₹ 14,80,00,000/- i. e ₹ 3,70,00,000/- has been received by the company and in-principle approval of the Mumbai Stock Exchange (BSE) for the same had also been obtained. The warrants were due for conversion into equivalent number of shares on payment of the balance amount at any time on or before 17th July, 2012. Since, the subscribers to the preferential allotment have failed to honour their balance commitment of 75%, the company is seeking an application with SEBI for relaxation in the strict compliance of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2009 Subject to the outcome of the application to SEBI, the amounts have been reflected as money received under Share warrants.

23.12 Other loan and advances includes: a) ₹ 7,00,00,000/- (As at 31st March, 2011 ₹ 7,00,00,000/-) (agreement value) advanced towards property at Pune for which the agreement for sale had been entered and registered in the name of the company. However the deed of conveyance has not been executed and hence not registered, due to ₹ 1,32,50,000/- out of the total consideration of ₹ 7,00,00,000/- being outstanding to be paid by the company to the vendors on account of ongoing litigation. The outstanding amount has been fully provided for in the accounts.

b) ₹ 3,87,29,381/- (As at 31st March, 2011 ₹ 6,00,00,000/-) receivable from M/s Tarangan Infraventures Private Limited (TIPL). The land development agreement with TIPL in the previous year to redevelop the property at Pune has been cancelled during the year due to non fulfilment of the obligation by TIPL as specified in the said agreement. The company has post cancellation of the agreement, received only part of the amount advanced in the previous year and had therefore entered into a Memorandum of Understanding (MOU) dated 13th October, 2011 with TIPL according to which interest @ 15% on such outstanding amounts shall be payable by TIPL from December 2011 till date of payment. Accordingly the company has recognised interest upto 31st March, 2012 aggregating to ₹ 18,65,979/- which has been included in other income in Note 15. The company is confident to recover the balance principal alongwith applicable interest from TIPL and hence the total amount o/s is good according to the management and no provisioning is required for the same.

- 23.13** The balances appearing under unsecured loans, sundry creditors, sundry debtors, loans and advances, and certain banks are subject to confirmation and reconciliation and consequential adjustment, if any, will be accounted for in the year of confirmation and/or reconciliation
- 23.14** In the opinion of the Board, assets other than fixed assets do have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.
- 23.15** Uncertified contract revenue of ₹ 21,07,009/- includes work executed by the company which has not yet been certified by the principal contractors. The management has determined the value of the uncertified revenue based on the cost incurred by the company in relation to the same.
- 23.16** Since the Company recognises gratuity and leave salary expense on payment basis no liability for the same has been ascertained and provided in the accounts. Hence, the company has not complied with the provisions of AS-15 "Accounting for Retirement Benefit".
- 23.17** The Company leases office under cancelable operating lease agreements that are renewable on a periodic basis at the option of both the lessor and the lessee. Rental payments under such leases are ₹ 13,84,111/- and ₹ 7,39,580/- during the year ended 31st March, 2012 and 2011 respectively.
- 23.18** The sales tax department had in the previous year, raised a demand on the company for ₹ 22,00,000/-, against which the Company has preferred an appeal against the department with the Assistant Commissioner of Sales Tax (Appeals). The company has already deposited ₹ 10,50,000/- of the demand raised under protest. Based on the prevalent decisions of the appellate authorities and the interpretations of the other relevant provisions, the company has been legally advised that the demand is likely to be either deleted or substantially reduced and accordingly no provision for the balance demand has been done.
- 23.19** The management has carried out the assessment on impairment of individual assets by working out the recoverable amount based on lower of the net realisable value and carrying cost during the period in terms of AS 28 on "Impairment of Assets" issued by the Institute of Chartered Accountants of India. Accordingly, impairment loss of ₹ 26,77,395/- has been recognised in respect of various assets for the year.
- 23.20** The company has capitalised interest of ₹ 22,93,230/- paid on capital borrowed for acquisition of Plant and Equipment till the date of the asset being put to use in terms of the provisions of AS-16 "Borrowing Cost" issued by The Institute of Chartered Accountants of India.
- 23.21** The company has during the year reversed excess depreciation charged in the previous years aggregating to an amount of ₹ 2,07,611/-.
- 23.22** The Revised Schedule VI has become effective from 1 April, 2011 for the preparation of financial statements for the period beginning from 1st April 2011 by virtue of the Notification No.653 (E) dated March 30, 2011. This has significantly impacted the disclosure and presentation made in the financial statements. The management has prepared the financial statements providing appropriate disclosures as required by the said revised Schedule VI and based on the various guidance notes issued in this regard. Accordingly previous year's figures have been regrouped/reclassified and re-instated wherever necessary to correspond with the current year's classification/disclosure as per the revised Schedule VI.
